

TAKATA EMERGENCY: 830 CITROËN, DS AND 30 JEEPS STILL WANTED IN MARTINIQUE

TAKATA EMERGENCY

In July 2023, the Citroën and DS brands invited owners or dealers of C3/ C4/ DS3/ DS4/ DS5 models produced between 2009 and 2017 and fitted with Takata airbags that had not yet been replaced to stop driving their vehicles immediately and contact their local importer to have the required repairs carried out free of charge.

SODIVA reminds the Martinican population that this recall campaign is still in effect. Efforts to secure the vehicles concerned have been ongoing in Martinique since September 2020.

In 2020, 4,300 Citroën and DS vehicles were affected by these recall campaigns. Today, in July 2024, 830 affected Citroën and DS vehicles have still not passed through our workshop to be secured free of charge. We therefore invite all drivers of these models to stop driving their vehicles immediately, and to contact us today.

The Jeep brand, distributed by SODIVA Martinique since May 2024, is also affected by the Takata crisis. We invite owners or dealers of Jeep Wranglers produced between 2007 and 2012 and fitted with Takata airbags that have not yet been replaced to contact us on **0596 39 41 79** to schedule a totally free vehicle safety inspection in our workshop.

About Takata crisis :

The Takata airbag crisis concerns a serious safety problem linked to airbags manufactured by the Japanese company Takata. The crisis erupted following the discovery that some of these airbags could rupture during deployment, posing a potentially fatal risk. These failures have been associated with serious injury and even death. The airbags in question were mainly installed between 2002 and 2017 by 19 automakers, covering 34 brands worldwide. By the end of 2023, there had been more than 30 deaths worldwide, including 26 in the USA, linked to these failures. Takata airbag explosions have injured more than 400 people worldwide.
