

TAKATA EMERGENCY : SODIVA TAKES CHARGE OF SECURING CHRYSLER AND DODGE VEHICLES IN MARTINIQUE

At the request of the manufacturer Stellantis, SODIVA will now ensure the safety of Chrysler and Dodge vehicles as part of the Takata airbag recall. In the absence of an official dealer for these brands in Martinique, SODIVA will take charge of replacing the airbags of the Chrysler 300, Aspen and Crossfire produced between 2004 and 2016, as well as the Dodge Challenger, Charger, Dakota, Durango, Magnum, Sprinter and RAM produced between 2003 and 2015. **We invite owners to immediately stop driving their vehicle and to contact us.**

In July 2023, the Citroën and DS brands invited owners or dealers of C3, C4, DS3, DS4 and DS5 models produced between 2009 and 2017 and equipped with non-replaced Takata airbags to stop driving their vehicles immediately and contact their local importer to carry out the required repairs free of charge. SODIVA reminds the population of Martinique that this recall campaign is still in effect. Efforts to secure the vehicles concerned have been ongoing in Martinique since September 2020.

In addition, the Jeep brand, distributed by SODIVA Martinique since May 2024, is also affected by the Takata crisis. At the request of the manufacturer, we are now inviting owners or dealers of Jeep Wranglers produced between 2007 and 2012 and equipped with Takata airbags that have not been replaced to immediately stop driving their vehicle and to contact us.

About the Takata crisis:

The Takata airbag crisis concerns a serious safety problem linked to airbags manufactured by the Japanese company Takata. This crisis erupted following the discovery that some of these airbags could rupture during deployment, posing a potentially fatal risk. These failures have been associated with serious injuries and even deaths. The airbags in question were primarily installed between 2002 and 2017 by 19 automakers, spanning 34 brands worldwide. By the end of 2023, there had been more than 30 deaths worldwide, including 26 in the United States, related to these failures. Takata airbag explosions have injured more than 400 people worldwide.
