

# TAKATA EMERGENCY: SUD MOTORS TAKES CHARGE OF SECURING SKODA VEHICLES IN FRENCH GUIANA

**At the request of the manufacturer Volkswagen AG, Sud Motors will now ensure the safety of SKODA brand vehicles as part of the recall of Takata airbags.**

In the absence of an official dealer for this brand in French Guiana, SUD MOTORS will take charge of replacing the airbags of Skoda Citigo, Fabia II, Fabia III, Kodiaq EU, Octavia III, Rapid EU, Roomster, Superb II, Superb III and Yeti produced between 2013 and 2018. **We invite owners to immediately stop driving their vehicle and to contact us.**

Since 2022, the Volkswagen Group has invited owners and dealers of certain models of the Audi, Seat and Volkswagen brands produced between 1998 and 2018 and equipped with Takata airbags that have not yet been replaced to contact their local dealer to have the required repairs carried out free of charge. Since the start of the manufacturer's recall campaigns in French Guiana, **Sud Motors has been able to change the airbags of 300 Audi, Seat and Volkswagen vehicles, but there are still 1,325 unsafe vehicles of these brands to find.**

Nevertheless, it is a race against time because the wear and ageing of the vehicles increase the risk of fatal accidents. **We therefore call on all drivers of the vehicles concerned to immediately stop driving their vehicle and contact us.**

## **About the Takata crisis:**

The Takata airbag crisis concerns a serious safety problem linked to airbags manufactured by the Japanese company Takata. This crisis erupted following the discovery that some of these airbags could rupture during deployment, posing a potentially fatal risk. These failures have been associated with serious injuries and even deaths. The airbags in question were primarily installed between 2002 and 2017 by 19 automakers, spanning 34 brands worldwide. By the end of 2023, there had been more than 30 deaths worldwide, including 26 in the United States, related to these failures. Takata airbag explosions have injured more than 400 people worldwide.
